La La Land ★★★★★

The movie is vastly entertaining and the actors are perfect. The music and the songs are catchy and will make you dance on your seat. I'm crazy about musicals and *La La Land* is one of the best I've ever seen! A real feel-good movie. Go, go, go!

Thor Ragnarok ★☆☆☆☆

What a disappointment! So boring and far too long! Honestly, I hated it. The plot is too simple and the visual effects are cheap. It's just another typical superhero movie with terrible jokes and mediocre stunts. Worst movie ever! It makes me angry. What a waste of time!

Green Book ★★★★★

If you are interested in true stories, go see this wonderful movie. It will make you think, smile, laugh and cry at the same time. The actors are so terrific and talented! Don't miss it, it is really worth seeing!

Gravity ★★★★★

OMG! It's such a masterpiece! The visual effects are mind-blowing and the story is really captivating! I'm usually not fond of space movies, but this one is just awesome, stressful and breathtaking at the same time! <3 <3
